MARCH 2nd—9th 1975

HALMATIC (SCOTLAND) LTD on Stand No. 105

and their

Sole Irish Distributors

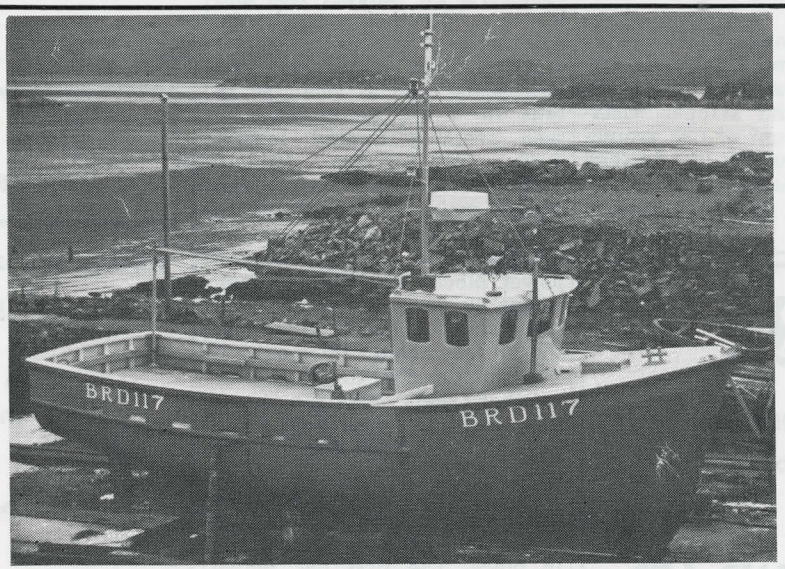

HICKEY BOATS LTD. on Stand No. 74

HALMATIC HULLS HAVE B.I.M. TYPE APPROVAL AND ARE MOULDED TO LLOYD'S FISHING VESSEL RULES

Halmatic heavy duty fishing vessels are now widely accepted in U.K. with 23 36-footers built and 17 now successfully operating in England, Scotland, Wales and Ireland.

Halmatic hulls are built to work, to Lloyds fishing vessel scantlings, in a Lloyds and B.I.M. approved factory.

Hulls include: Bulkheads, Engine Beds, heavy transverse and longitudinal framing, floor shelves, floors, and optional Fuel Tanks/ Water Tanks.

Halmatic 36' MKII—all G.R.P.

Hickey boats are renowned for their quality, attention to detail and excellent service, and will be offering full sales, completion and fully qualified after sales service on all Halmatic fishing boats.

Our aim is to provide the very best in glass fibre fishing boats in terms of quality, performance, durability and strength.

Discriminating owners will always demand the best.

We hope to make your choice simple to make !

HULLS WILL ALSO BE AVAILABLE FOR COMPLETION BY OTHER APPROVED YARDS
